

1. Travel Consulting Company

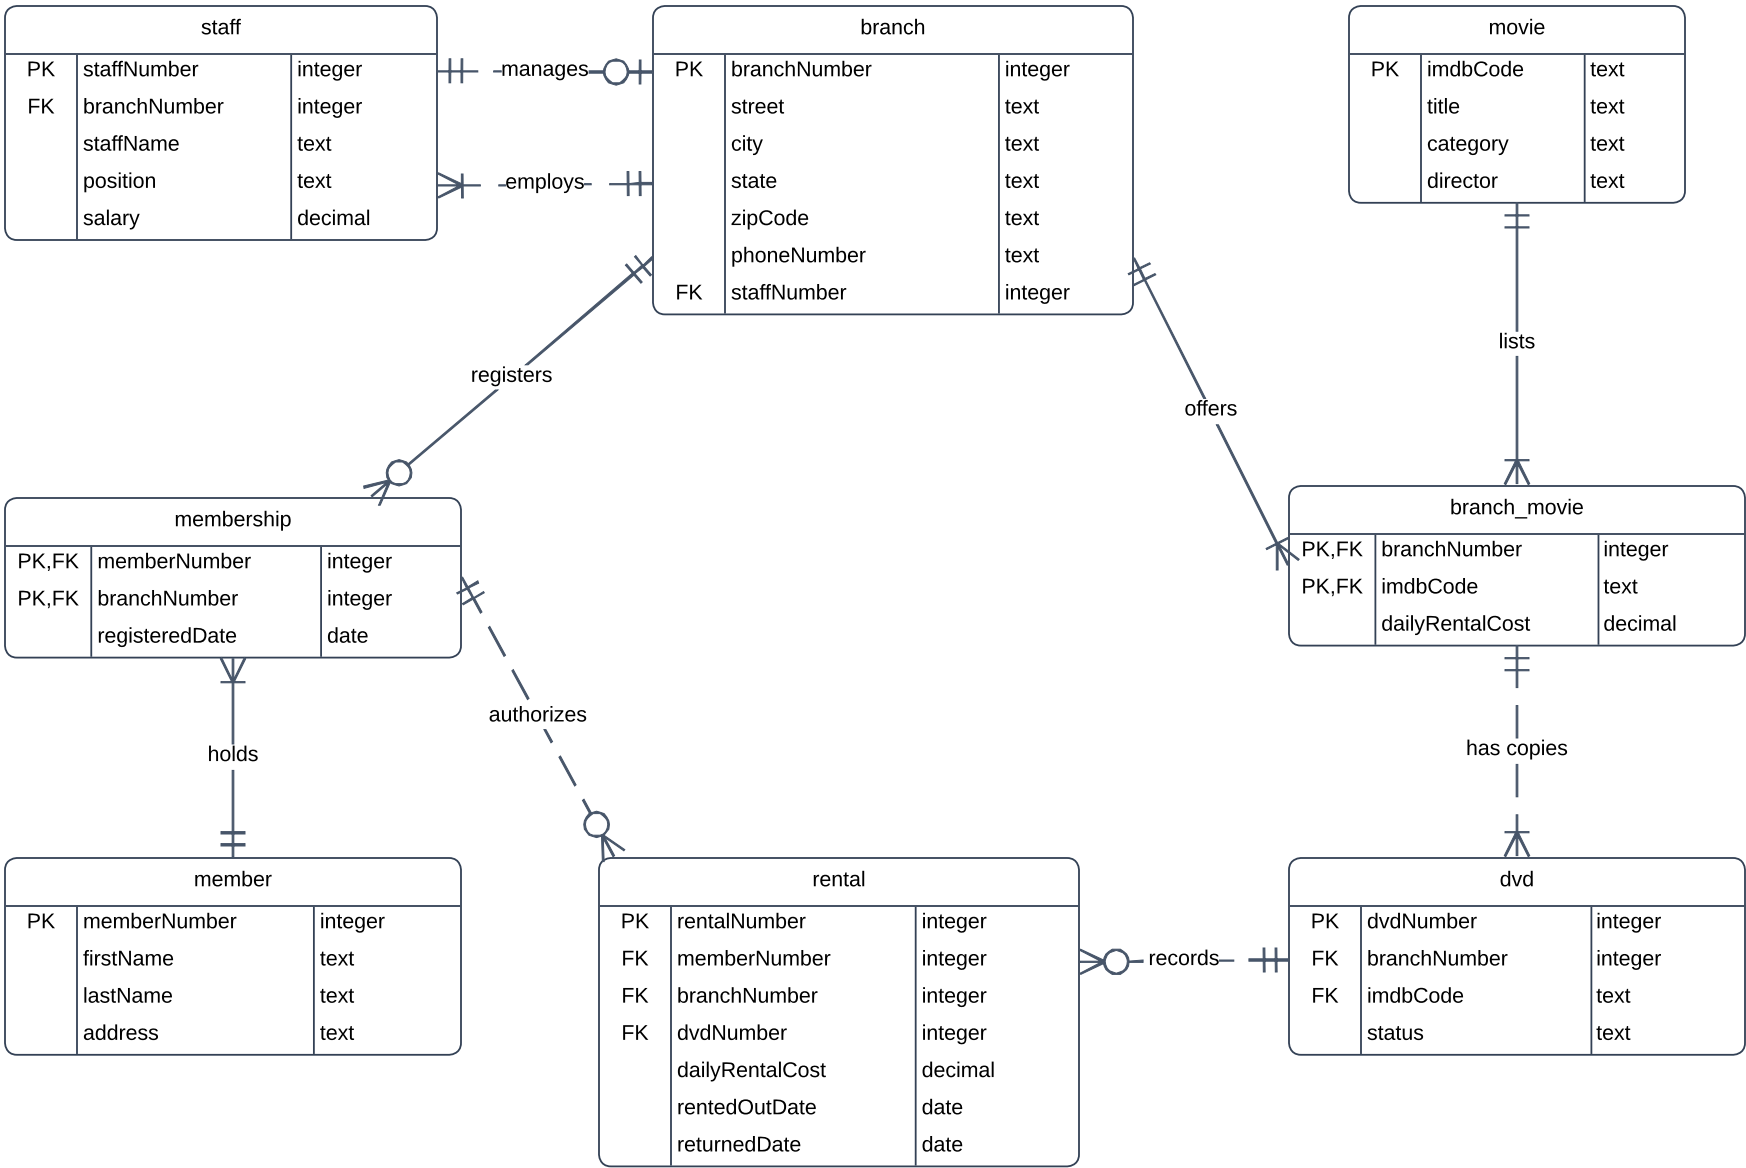

Assumptions

1. A region may have no team or several teams since that isn't mentioned in the rubric.
2. Each call involves one consultant, one customer and one topic.
3. The montly call statistics are recorded with callDateTime, callType and durationSeconds.

Notation: Circle=zero allowed. dotted line = non-identifying relationship. solid line = identifying relationship

2. DVD Rental Company

Assumptions

1. Staff and DVD records show the branch they belong to now.
2. Each rental record is for one DVD.
3. A branch's staffNumber identifies its manager in the staff table. The manager works at that same branch.
4. Members can rent only from branches where they are registered.
5. returnedDate is empty until the DVD comes back. dailyRentalCost is the daily price charged for that rental.
